The quality mark was awarded on the basis that the company fulfills the requirements of RAL-GZ 716, part 2, for profile systems with direct glazing.

Awarding criteria: A **system description** as well as **test certificates** for the suitability of the adhesive system, compatibility and of test specimens are the basis for this certification.

Periodical audits by a neutral inspection body ensure that system description as well as system tests are up to date.

The RAL quality mark as shown above is acknowledged by RAL Deutsches Institut für Gütesicherung und Kennzeichnung e.V. and internationally protected (EUIPO, formerly OHIM, Registration No 013055595).
